TOWNSVILLE NORTH STAR ATHLETICS CLUB

2022 Registration Information Package

Thank you for your enquiry regarding membership for the 2022 Townsville North Star Athletics Club track and field season.

About Townsville North Star Athletics Club (TNSAC) -

Established in 1962, TNSAC is Townsville's premier track and field club. Our association is coordinated by a number of generous volunteers, mainly parents who donate their time to ensure the club continues to benefit the wider Townsville community.

TNSAC provides an affordable, community based active outlet and caters for individuals of all capabilities and ages from five years onwards. Our club is affiliated with Athletics North Queensland, which affords our members the eligibility to nominate for any Athletics Australia (AA) sanctioned events nation-wide.

TNSAC has a number of accredited coaches associated with the club who specialise in mentoring a variety of age groups and track and field events. Our weekly club competitions are conducted at the Townsville Sports Reserve affectionately known as the 'Red Track', which boasts state of the art track and field facilities. Over the years our club has produced a large quantity of noteworthy athletes that have competed and medalled at state, national, International competitions and the Olympics.

Whether you're looking to make new friends, enjoy an active lifestyle or compete at the next Olympic Games, Townsville North Star Athletics Club will have an event to suit you or your child.

About Athletics North Queensland (ANQ) –

ANQ is Queensland Athletics' appointed agent in North Queensland. ANQ has over 3000 registered members and consists of almost forty separate track and field and road running clubs. These clubs stretch all over North Queensland from Rockhampton in the south, Longreach and Mount Isa in the west, and Cairns in the north. The ANQ office is located at Sports House, North Ward.

Parental Involvement

Athletics offers a great opportunity for all children to learn the basic motor skills, to keep fit and to socialise with others. For those who wish to progress further in the sport, the pathways are also there.

No other sport offers such a wide range of events to all ages and to all levels of competitors. This is also one downside on that it makes athletics the most labour intensive of ALL sports.

All weekly training and track and field events conducted at our weekly club competitions are subject to parental involvement. PARENTS/GUARDIANS NEED TO ASSIST WITH THE RUNNING OF EACH EVENT. If there are not enough parents present to officiate each event in a safe and timely manner, then the event will be cancelled.

Club Uniform

All athletes must wear the TNSAC club uniform and attach their ANQ registration number to both the front and back when competing at all club competitions and track and field carnivals.

Uniforms can be purchased online or from the registration desk at each club competition. Online uniform purchases can be made by following link:

www.revolutionise.com.au/townsvillenorthstar/shop/
